Outdoor Living

Sifas's new Kalife Collection of outdoor seating includes a loveseat (pictured), two settees, an armchair and an ottoman. The pieces are distinguished by an unusual woven-polyester shell coated with a layer of quick-drying, water-repellent PVC. The lacquered-aluminum frames are finished to match while durable seat cushions and throw pillows come in a range of colorful Sunbrella fabrics. sifas.com

Boho-chic moves outdoors with Kichler's Palisades 1 Light Outdoor Pendant, a stylish yet casual addition to your alfresco space. The all-weather wicker shade comes in regular, bell, globe and teardrop shapes, in Olde Bronze or Natural Wicker (pictured). Takes an incandescent bulb. kichler.com

◀ The classic tub chair design gets a makeover with Serena & Lily's Outdoor Riviera Chair. Made of weatherproof woven plastic covering a powder-coated aluminum frame, it sports a nautical blue-and-white striped motif and comes with a coordinating seat cushion in all-weather Sunbrella fabric. Pictured here with the Crosby Teak Round Dining Table. serenaandlily.com
